

*Transforming lives through meaningful employment*

**AchieveAbilities LLC would like to introduce you to Emma S.**

We welcome Emma. She graduated from Edgewood College in Madison, WI with a Psychology major and Human Services concentration. She is a Certified Social Worker after receiving her license last summer. Ever since she was young, she knew she wanted to help others.

While attending Edgewood College, she became friends with some of the Cutting-Edge Program students. This is a program at Edgewood College that gives people with developmental disabilities a college experience. From this experience, she knew she wanted to work with people with disabilities after graduation. It has taught her so many great skills that will help her as a Skills Coach and Employment Specialist. One of the things we are sure you will see is that she is empathetic and fun yet organized and detail oriented. She loves to get to know other people and is an enthusiastic encourager.

Before coming to AchieveAbilities, she has already had amazing experiences through internships and employment. She has additionally continued her education through Continuing Education. Her goals while at AchieveAbilities are to learn more about helping people with disabilities gain and maintain employment.

Outside of work, she enjoys gardening, going for bike rides, cooking, playing games, either inside or outside, and traveling.

AchieveAbilities LLC is here to give you the hope, encouragement, and help that you need to succeed! We believe you will find Emma a great fit for helping you Achieve your goals!
